

Inland Star EHS³ Policy

Environment – Health – Safety – Security – Sustainability

Inland Star recognizes a responsibility for environmental protection, for the health, safety, and security of associates & stakeholders, and for sustainable outcomes. Inland Star is committed to EHS³ business practice excellence and to continual improvement of company EHS³ performance.

Inland Star shall:

- Comply with all Federal, State, and local laws and regulations.
- Adhere to the Inland Star Business Excellence Standard “BEST.”
- Develop suitable procedures, monitoring systems, and reporting systems.
- Conduct regular audits to ensure policy alignment.
- Provide appropriate training and support to company associates.
- Communicate EHS³ policy, goals, objectives, and performance outcomes effectively to stakeholders.
- Allocate resources adequate to support policy objectives.
